

KIRAN BIRADAR

Aspiring Software Development Engineer

Pune | +919156664207 | biradarkiran.official@gmail.com | [in/kiranbiradar](#) | [@KiruOP](#) | [kiranbiradar.me](#)

PROFESSIONAL SUMMARY

Recent B. Tech Computer Science graduate with practical experience in MERN Stack development gained through software development internships and full-stack project work. Proficient in React.js, Node.js, Express.js, MongoDB, JavaScript, and RESTful API development. Built and deployed multiple web applications featuring authentication, role-based access control, payment integration, and real-time functionality. Passionate about software engineering, scalable system design, and solving complex problems through clean and efficient code.

EXPERIENCE

Software Developer Intern

May 2025 - Jul 2025

ByteHint IT Solutions Pvt. Ltd.

Pune | Remote

- Developed secure authentication workflows including user login, OTP-based email verification, password reset, and encrypted password storage using modern security practices, improving platform security and reducing unauthorized access.
- Built a multi-step onboarding workflow using React.js, reusable components, routing, and Zustand state management, streamlining user onboarding and improving application scalability and maintainability.
- Designed and implemented interactive networking module features, including overlays, hover popups, and modular UI components, enhancing user engagement and overall user experience.
- Collaborated with cross-functional teams in Agile sprint cycles, contributing to feature testing, bug resolution, code reviews, and timely delivery of product enhancements.
- Tech Stack:** React.js, Tailwind CSS, Zustand, JavaScript, Node.js, Express.js, MongoDB, GitHub, Jira, Notion.

Web Developer Intern

Jun 2024 - Aug 2024

Agarwal Creation Fashions Pvt. Ltd

Pune | Full Time

- Developed and deployed an eCommerce platform using WordPress, integrating secure payment gateway functionality and SEO optimization to improve website performance, search visibility, and online sales potential.
- Automated image processing workflows through Python scripts for cropping, compression, and format conversion, improving operational efficiency by 40%.
- Engineered a Digital Business Card application with dynamic profile management, database integration, and responsive user interfaces, enabling businesses to create and manage personalized digital identities.
- Tech Stack:** WordPress, Python, HTML, CSS, JavaScript, PHP, MySQL, SEO, Payment Gateway Integration.

PROJECTS

Artisans Corner | [Github](#) | [Live](#)

2026

- Built a multi-vendor marketplace supporting **3 user roles** (buyer, seller, admin) role-based access control and secure user authentication.
- Implemented authentication, onboarding, product management, and order-processing flows through **15+ protected routes** secured using JWT-based authorization.
- Integrated payment processing, commission management, product catalog operations, and seller analytics to streamline the complete eCommerce purchase lifecycle.
- Built RESTful APIs and optimized MongoDB database operations for efficient product, order, and user data management.
- Tech Stack:** React.js, Node.js, Express.js, MongoDB, JWT, Redux, Razorpay, REST APIs, Git, GitHub.

Portiva | [Github](#) | [Live](#)

2026

- Engineered a SaaS-based portfolio builder platform that **dynamically generates personalized portfolio** websites from user-provided profile, project, and social information.
- Developed a comprehensive dashboard with **CRUD functionality** for managing portfolio sections, enabling users to update website content without technical knowledge.
- Implemented **dynamic routing, database-driven rendering**, and reusable component architecture to support scalable generation of multiple portfolio websites from a single codebase.
- Built secure backend APIs and optimized MongoDB queries for efficient content management and data retrieval.
- Tech Stack:** React.js, Node.js, Express.js, MongoDB, JWT, REST APIs, Tailwind CSS, Git, GitHub.

TECHNICAL SKILLS

Java | JavaScript | SQL | HTML5 | CSS3 | React.js | Redux | Tailwind CSS | Bootstrap | Node.js | Express.js | REST APIs | MongoDB | PostgreSQL | Git | GitHub | Postman | AWS | Figma | WordPress

EDUCATION

BTech in Computer Science | D. Y. Patil International University, Akurdi, Pune | CGPA: 7.6/10

2022 - 2026

- Relevant Coursework:** Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems, Computer Networks

CERTIFICATES

Full-Stack Web Development (Udemy) | AWS Cloud Practitioner Essential (DYPIU) | Programming in C Certification (DYPIU)
